

# About This Guide

---

This document provides the information for planning, installing, and using Cisco Cable Manager, Release 1.0 and performing cable router and cable modem management.

This guide was written for network administrators who use Cisco Cable Manager to manage Cisco uBR7200 series universal broadband routers as well as voice- and data-enabled DOCSIS-compliant cable modems.

## Document Organization

**Table 1** Major Sections of This Guide

Chapter	Title	Description
Chapter 1	Planning for Cisco Cable Manager Installation	Describes network components and architecture required to use Cisco Cable Manager to manage Cisco uBR7200 series universal broadband routers and cable modems
Chapter 2	Installing Cisco Cable Manager	Describes the installation steps required for Cisco Cable Manager
Chapter 3	Using Cisco Cable Manager	Describes the procedures for using Cisco Cable Manager to manage Cisco uBR7200 series universal broadband routers and cable modems

**Table 2**      **Guide Conventions**

<b>Convention</b>	<b>Description</b>
<b>boldface font</b>	Commands and keywords.
<i>italic font</i>	Variables for which you supply values.
[   ]	Keywords or arguments that appear within square brackets.
{x   y   z}	A choice of required keywords appears in braces separated by vertical lines.
screen font	Examples of information displayed on the screen.
<b>boldface screen font</b>	Examples of information you must enter.
< >	Nonprinting characters, for example password, appear in angle brackets.
[   ]	Default responses to system prompts appear in square brackets.
<b>Note</b>	Means <i>reader take note</i> . Notes contain helpful suggestions or references to information and material.

## Cisco Connection Online

Cisco Connection Online (CCO) is Cisco Systems' primary, real-time support channel. Maintenance customers and partners can self-register on CCO to obtain additional information and services.

Available 24 hours a day, 7 days a week, CCO provides a wealth of standard and value-added services to Cisco's customers and business partners. CCO services include product information, product documentation, software updates, release notes, technical tips, the Bug Navigator, configuration notes, brochures, descriptions of service offerings, and download access to public and authorized files.

CCO serves a wide variety of users through two interfaces that are updated and enhanced simultaneously: a character-based version and a multimedia version that resides on the World Wide Web (WWW). The character-based CCO supports Zmodem, Kermit, Xmodem, FTP, and Internet e-mail, and it is excellent for quick access to information over lower bandwidths. The WWW version of CCO provides richly formatted documents with photographs, figures, graphics, and video, as well as hyperlinks to related information.

You can access CCO in the following ways:

- WWW: <http://www.cisco.com>
- WWW: <http://www-europe.cisco.com>
- WWW: <http://www-china.cisco.com>
- Telnet: [cco.cisco.com](http://cco.cisco.com)
- Modem: From North America, 408 526-8070; from Europe, 33 1 64 46 40 82. Use the following terminal settings: VT100 emulation; databits: 8; parity: none; stop bits: 1; and connection rates up to 28.8 kbps.

For a copy of CCO's Frequently Asked Questions (FAQ), contact [cco-help@cisco.com](mailto:cco-help@cisco.com). For additional information, contact [cco-team@cisco.com](mailto:cco-team@cisco.com).

If you are a network administrator and need personal technical assistance with a Cisco product that is under warranty or covered by a maintenance contract, contact Cisco's Technical Assistance Center (TAC) at 800 553-2447, 408 526-7209, or [tac@cisco.com](mailto:tac@cisco.com). To obtain general information about Cisco Systems, Cisco products, or upgrades, contact 800 553-6387, 408 526-7208, or [cs-rep@cisco.com](mailto:cs-rep@cisco.com).

## Documentation CD-ROM

Cisco technical documentation and additional literature are available in a CD-ROM package, which ships with your product. The Documentation CD-ROM, a member of the Cisco Connection Family, is updated monthly. Therefore, it might be more current than printed documentation. To order additional copies of the Documentation CD-ROM, contact your local sales representative or call customer service. The CD-ROM package is available as a single package or as an annual subscription. You can also access Cisco documentation on the World Wide Web at <http://www.cisco.com>, <http://www-china.cisco.com>, or <http://www-europe.cisco.com>.

If you are reading Cisco product documentation on the World Wide Web, you can send your comments electronically. Click **Feedback** on the toolbar, and then select **Documentation**. After you complete the form, click **Submit** to send it to Cisco. We appreciate your comments.
